

Final Project

4/17/22

Jodie Serrano

For my final project and last increment, it is as follows. I changed all the textbox colors to all the same colors as it is more symmetrical and user friendly. I finished adding all the tooltips and named them. I also added a progress bar and the code to it. My last increment took me over 4 hours. All in all I added 7 different things to my forms. They are as follows:

1. Text boxes
2. Buttons
3. Text labels
4. Check boxes
5. A date picker
6. A progress bar
7. Tool tips

My inheritance is menu to food items. in all the entire project took me 5 weeks to complete. I also uploaded all my files to GitHub.
